Dr. Katherine Yun examines the use of preventive dental care services among Medicaid-enrolled, Pennsylvania children

Date:

Wednesday, October 29, 2014

Dr. Katherine Yun's research describes trends in the receipt of preventive dental care among Medicaid-enrolled children in Pennsylvania between 2005 and 2010, comparing the US children of immigrants with their co-ethnic peers in nonimmigrant families. Check out this blog post and Research at a Glance brief to learn more.
