PolicyLab at the Pediatric Academic Societies' Annual Meeting

Date:

Wednesday, May 02, 2018

A number of PolicyLab researchers are heading to Toronto for the Pediatric Academic Societies' (PAS) annual meeting May 5-8. Each year, several of our investigators attend this event to share their latest projects with colleagues from around the country and the globe. In advance of this year's meeting, we asked a few of our participating researchers about what they are looking forward to and what makes this conference so special. Check out the short video below to hear their responses, and click here for a complete agenda of all posters and presentations featuring PolicyLab research.
