Kathryn Saulinas (she/her) is a senior communications associate at PolicyLab working to leverage innovative communication tools to affect positive change for children's health. She provides communications support across the Center and collaborates with investigators within the Health Equity and Adolescent Health & Well-being Portfolios to execute strategic and creative dissemination of the latest research to policymakers, advocates and providers. In addition, Ms. Saulinas leads the execution of PolicyLab's social media and video strategies and provides graphic design support to the Center.

Prior to joining PolicyLab, Ms. Saulinas worked as a marketing and communications specialist for Shriners Children's. Ms. Saulinas received a BA in English from Bloomsburg University.
