Danielle Collins (she/her) is a clinical research coordinator at PolicyLab at Children's Hospital of Philadelphia (CHOP). She is currently working with Drs. Marsha Gerdes and Judi Miller on testing aspects of LENA Start, which is a program that promotes a conversationally rich language environment for babies and toddlers through parent education and empowerment.

Previously, Ms. Collins worked as a research coordinator at CHOP with Dr. Roy Wade, coordinating studies related to adverse childhood experiences and health.
