Reflecting on 2022 as we Enter the New Year

Date:

Wednesday, December 21, 2022

Before we close out the year, our team had some fun reflecting on a busy 2022. Join us for a trip down memory lane as we:

1. Counted down the five most-read blog posts of the year
2. Revisited the excitement of PolicyLab Forum 2022
3. Asked our colleagues to share highlights and accomplishments from their professional lives in 2022
4. Captured memorable moments from our annual holiday party and office decorating contest

What a year!

Now, we look forward to continued work alongside our partners and collaborators in 2023 across research, policy, and programs to improve the health and well-being of youth and families.

From all of us at PolicyLab, Happy Holidays!
