Clinical Research Project Manager

Bevin Gwiazdowski (she/her) is a clinical research project manager at PolicyLab and within the Adolescent Initiative at Children's Hospital of Philadelphia (CHOP). In her time with CHOP, she has cultivated partnerships with other nonprofits and institutions in Philadelphia with a focus on creating and expanding opportunities, access, and safe spaces for LGBTQ+ youth. She has also co-facilitated the POSSE CAB from its inception, facilitates a working group of trans health and wellness providers across the city, and serves as a member of the Philadelphia Department of Public Health Community Advisory Group focusing on the House and Ball community.

With more than 15 years of direct service work with LGTBQ+ youth she has developed a particular interest in facilitating capacity building and leadership development within the communities she works. Bevin received her MSW from Temple University.
