Centers for Disease Control and Prevention Public Comment: Proposed Data Collection: Pregnancy Risk Assessment Monitoring System

Download Material

PolicyLab responded to a request for comment from the Centers for Disease Control and Prevention (CDC) on the Proposed Data Collection: Pregnancy Risk Assessment Monitoring System (PRAMS).

Contributing PolicyLab experts emphasized their support for the three-year extension of PRAMS, noting the tool's unique and critical importance to maternal and child health research, practice and policy.

The views expressed in this comment are those of contributing PolicyLab members and do not reflect the official positions of CHOP.
