Natalie Stollon is a clinical research assistant at PolicyLab at Children's Hospital of Philadelphia (CHOP). Ms. Stollon has a strong interest in improving programs and services for individuals with disabilities and chronic illnesses. She works on research projects examining mental health in adolescents with lupus and understanding services for adolescents and adults with intellectual disabilities and the impact on caregivers. Ms. Stollon also works at CHOP clinically in the Trisomy 21 Clinic and CHOP Career Path, an employment program for young adults with disabilities. Ms. Stollon received her Masters of Social Work from the University of Pennsylvania and is currently pursuing a Master of Public Health at the University of Pennsylvania.
