Diana Worsley (she/her) is a clinical research project manager at PolicyLab and the Center for Pediatric Clinical Effectiveness (CPCE) at Children's Hospital of Philadelphia (CHOP). Ms. Worsley works with Dr. Stephanie Doupnik and Cadence Bowden on research projects which focus on supporting hospitalized youth and their families and reducing youth suicide. Ms. Worsley has experience in data management, qualitative research methods and program evaluation.

Prior to joining PolicyLab, Ms. Worsley worked in the Clinical Research Support Office (CRSO) coordinating industry clinical trials. She received her bachelor's degree from SUNY Cortland in Community Health and then went on to receive her Master of Public Health from Drexel University concentrating in Community Health and Prevention.
